

Hygiene

We ensure all adults and children in our setting are aware of good hand-washing procedures, before eating or handling food, after using the toilet, after outdoor play, and after feeding/cleaning the chickens.

Each child has their own flannel/towel, which we wash regularly.

We ensure there is a supply of tissues available for children.

We immediately clean up any spillage of body fluids using a disposable cloth and gloves.

We ensure that the animals on the premises are safe to be around children and do not pose a health risk. See our *Looking after Animals* policy.
